Dear Dr. Betzig,

The Nobel Museum is pleased to accept your gift to its collections. The microscope is on display in our gallery together with the objects donated by the laureates of 2015.

The Nobel Museum conveys an active and reflective memory of the Nobel Laureates and their achievements, as well as of the Nobel Prize and Alfred Nobel. Using modern technique, elegant design and a creative educational outreach, the Nobel Museum communicates the message of innovation, science and culture, inspiring and promoting dialogue in Sweden and the world. The collections of the Nobel Museum are used for both exhibition and research purposes. Your generous gift contributes greatly to supporting our objectives. Thank you!

Sincerely,

Olov Amelin
Museum Director
